When I spoke with Fred, he said the FR Notice has been signed and is being processed. The extended comment closing date is Jan 15. He would have the best idea (right, Dave?) about when that FR Notice can be expected to be published...I thought he said Friday at the soonest but am not certain of that. He is at 202-564-3151.

Hi Ayn and Kimi -

I need to say something to Nea Brown about the comment period extension. Does either of you have any information about any official written announcement?

Jim -

Thanks. I will do that as a part of a follow-up note that I need to send her with respect to the phase 5 FOIA request. (We need to respond to some questions they had about the fee and time estimate.)

I suggest that you let Michael respond to this inquiry.

Has not yet been published in the Fed Reg so we don't really have anything to post as of yet.

Dear Mr. Davis:

Thank you very much for the prompt notification of and the posting of this information.

Today, at a public meeting in Wyoming, Martin Hestmark announced both posting of the Phase 5 data and news that the public comment period is being extended from October 16, 2012 through January 15, 2013. I do not see that extension on the Pavillion website. Do you know when that change/extension will be posted to the website?

Nea

Dear Ms. Brown and Ms. Temkin,

Today we created a new "Phase 5" page and linked to it from the Pavillion home page:
<http://www.epa.gov/region8/superfund/wy/pavillion>

The addition to the home page is as follows:

October 10, 2012

EPA released the methodology and results for samples collected during April 2012. [Click here](#) for more information.

Let me know if you have any questions.

Thanks,

Tim Davis
